

INTERNATIONAL ASSOCIATION FOR EDUCATORS AND RESEARCHERS
Accelerating Education through Excellence in Research

6th International Conference on Computing, Electronics and Communications Engineering 2023 (iCCECE '23)

14th – 16th August, 2023
University of Wales Trinity St. David, Swansea, Wales, UK

Call for Papers

After successfully organising the fifth conference of this series, [International Association for Educators and Researchers \(IAER\)](#), registered CIC (Community Interest Company) in England and Wales, is happy to arrange the Sixth International Conference on Computing, Electronics and Communications Engineering 2023 (iCCECE '23), which will be held from 14th – 16th August, 2023, at University of Wales Trinity St. David, Swansea, Wales, UK.

The conference will draw together researchers and developers from academia and industry. iCCECE '23 is technically co-sponsored by the University of Wales Trinity St. David, UK as well as the IEEE Computer Society (IEEE CS) and its Technical Community on Computer Communications (TCCC) ([Conference Record # 59400](#)) and the conference content shall be submitted for inclusion in IEEE Xplore as well as other Abstracting and Indexing (A&I) databases. The Proceedings of the past iCCECE conferences are available online in [IEEE Xplore](#). For inclusion in the IEEE Xplore Digital Library, the papers must adhere to the IEEE Conference A4 Paper size (NOT US Letter) guidelines and formatting instructions for which can be found at this link: http://www.ieee.org/conferences_events/conferences/publishing/templates.html. The easiest way to do this is to download and use the [IEEE MS Word A4](#) template. Selected papers for consideration for further publication from the conference may be recommended for the following journals, as shown in the table below. This will be after they have been asked to be substantially extended and enhanced. However, the journals' respective Editor-in-Chief and the members of the Executive Board will make the final decision about the inclusion of the papers. Furthermore, invited extended papers will be published in an edited book by Springer-Verlag.

IAER Journal Name	Publisher	Major Indexing / Impact Factor
Annals of Emerging Technologies in Computing (AETiC)	IAER	Scopus (Q2, CiteScore: 2.6 (2021)), ISI ESCI (evaluation under process)

There will be a range of events from keynote addresses, technical and poster sessions, workshops and tutorials. The formal sessions will be supplemented by an excellent social programme.

Paper Submission (Main Conference)

Work in progress, research papers, survey papers, application and theoretical papers, poster presentations and position papers for the workshop are all welcome.

Technical Co-sponsors

INTERNATIONAL ASSOCIATION FOR EDUCATORS AND RESEARCHERS
Accelerating Education through Excellence in Research

6th International Conference on Computing, Electronics and Communications Engineering 2023 (iCCECE '23)

14th – 16th August, 2023

University of Wales Trinity St. David, Swansea, Wales, UK

Full papers, with a maximum length of six pages, adhering to the IEEE conference paper formatting (Read [Submit Paper](#)), should be submitted using the [Microsoft Conference Management Toolkit \(CMT\)](#).

Scope of the Conference

Papers are sought on any topic in the spectrum of the conference theme, including, but not limited to the following:

Pervasive Computing and Internet of Things

- Internet of Things, Everything and Nano-Things
- Location-dependent/Personalised Application
- System Architectures and Platforms
- Embedded Computing with Applications
- Low Power, Energy-Aware Pervasive Computing
- Smart Devices, Intelligent Devices and Environments
- Spaces and Objects
- Middleware Services and Agent Technologies
- Positioning and Tracking Technologies
- User Interfaces and Interaction Models
- Security and Privacy Issues for Pervasive Systems
- Ubiquitous Computing, etc.

Communications Engineering and Vehicular Technology

- Computer Networking
- Telecommunication Systems
- Wireless Ad-hoc and Sensor Networks
- Network/Information Security
- Cognitive Radio
- Cooperative Communications
- Radio Resource Management and Optimisation
- Vehicular Communication Systems,
- Information Theory and Coding Systems, etc.

Control Systems

- Control Theory and Applications

Technical Co-sponsors

Prifysgol Cymru
Y Drindod Dewi Sant
University of Wales
Trinity Saint David

IEEE
COMPUTER
SOCIETY

IEEE COMPUTER SOCIETY
TCCC

Technical Community on Computer Communications

Computing and IT

- Software Engineering
- Cloud Computing, Fog Computing and Big Data
- Business/Enterprise Architectures
- Mobile Computing
- Distributed Systems
- Information Systems
- Knowledge Discovery and Data Mining
- Artificial Intelligence
- Decision Support Systems
- Visualization and Computer Graphic
- Image Processing, Information Retrieval
- Natural Language Processing
- Machine Learning, etc.

Electronics, Circuits and Systems

- VLSI and Microelectronic Circuit Design
- Embedded Systems
- System on Chip (SoC) Design
- FPGA (Field Programmable Gate Array) Design and Applications
- Electronic Instrumentations
- Electronic Power Converters and Inverters
- Electric Vehicle Technologies, etc.

Energy and Power Systems

INTERNATIONAL ASSOCIATION FOR EDUCATORS AND RESEARCHERS
Accelerating Education through Excellence in Research

6th International Conference on Computing, Electronics and Communications Engineering 2023 (iCCECE '23)

14th – 16th August, 2023

University of Wales Trinity St. David, Swansea, Wales, UK

- Robotics and Autonomous Systems
- Intelligent Control
- Optimal Control
- Robust Control
- Adaptive Control
- Linear and Nonlinear Control Systems
- Complex Adaptive Systems
- Industrial Automation
- Control Systems Technology, etc.
- Low Carbon Power and Transport
- Energy Storage and Network Balancing
- Grid Integration and Infrastructure, Micro Grid Operation, Distributed Generation
- Energy Efficiency and Energy Management
- System Stability, Dynamics and Control
- Power System Protection, Relaying and Restructuring

Engineering Education and Sustainable Development

- EESD and Circular Economy
- Global Issues in EESD
- Overcoming Barriers for EESD
- EESD and Energy
- Stakeholders in EESD
- EESD and Life Long Learning
- EESD and Disciplinary Approaches

Economics and Business Engineering

- Computational Economics and Finance
- FinTech
- Industrial and Systems Engineering
- e-Commerce and e-Business,
- Business Information Systems
- Technopreneurship, Technology and Innovation
- Supply Change Management Technology, etc.

Industrial Track

We invite contributions to the Industry Track to be held as part of the Sixth IEEE International Conference on Computing, Electronics and Communications Engineering 2023 (iCCECE '23). The industrial engagement and presentation will be on the third day of the conference, i.e. August 16, 2023.

The Industry Track welcomes contributions in the form of paper and/or presentation from case studies or showcasing original results obtained in an industrial environment, having clear industry relevance, and highlighting new research challenges motivated by practical tasks and practical settings.

Submitted papers must not be more than 6 A4 pages, adhering to the IEEE conference paper formatting (Read [Submit Paper](#)), and should be submitted using the [Microsoft Conference Management Toolkit \(CMT\)](#). Participants must select 'Industry Track' while submitting.

6th International Conference on Computing, Electronics and Communications Engineering 2023 (iCCECE '23)

14th – 16th August, 2023

University of Wales Trinity St. David, Swansea, Wales, UK

The industrial engagement day will also offer valuable opportunities for networking and collaboration globally.

Accepted papers will be published in an online proceedings particularly designed for this track. More details on the industrial track please click [here](#).

Postgraduate Forum

Postgraduates and early researchers are invited to submit a poster, abstract, extended abstract, in progress paper or completed paper not exceeding 5 pages for inclusion in the Postgraduate Forum to be held as part of the Sixth IEEE International Conference on Computing, Electronics and Communications Engineering 2023 (iCCECE '23). The Postgraduate Forum will be on the third day of the conference, i.e. August 16, 2023.

Your work will provide a platform for showcasing cutting-edge research in Science, Technology, Engineering, and Mathematics (STEM), fostering interdisciplinary collaborations, and learning about career opportunities and funding opportunities. The forum will also offer valuable opportunities for networking, mentoring, and professional development.

Materials for the Postgraduate Forum should be submitted using the [Microsoft Conference Management Toolkit \(CMT\)](#), adhering to the IEEE conference paper formatting (Read [Submit Paper](#)). Participants must select 'Postgraduate Forum' while submitting. Your submission is sought on any topic in the spectrum of the conference theme, but not limited to them.

Accepted papers will be published in an online proceedings particularly designed for this forum. More details on the industrial track please click [here](#).

Registration

At least one author must register and physically/virtually attend the conference to present the paper. For further details please see the [registration link](#).

**6th International Conference on Computing, Electronics and
Communications Engineering 2023 (iCCECE '23)**
14th – 16th August, 2023
University of Wales Trinity St. David, Swansea, Wales, UK

Event	Deadline
Main Conference Submission Deadline (See workshop/tutorial , Postgraduate Forum and Industrial Track pages for other deadlines)	28th May, 2023 8 th July, 2023 (However, we encourage early submission, especially if you require a visa to enter the UK.)
Notification of Acceptance	Continuous Process
Camera-ready Submission	26 th July, 2023
Last Date of Registration (Authors)	26 th July, 2023
Last Date of Registration (non-Authors)	30 th July, 2023
Conference Dates	14 th – 16 th August, 2023

We look forward to welcoming you to iCCECE '23 at the University of Wales Trinity St. David, Swansea, Wales, UK.

Yours cordially (on behalf of the organising committee)

Conference Chairs

Garfield Southall, Professor Emeritus, University of Chester, UK and Chair, British Computer Society (BCS) - Chester and North Wales Branch.

Maaruf Ali CEng PE PhD SMIEEE, Faculty of Engineering, Canadian Institute of Technology (CIT), Albania.
